Career Summary

Frontend Developer with 3+ years of experience building high-performance, user-centric web applications. Specialized in **React.js**, **Next.js**, **TailwindCSS**, and **TypeScript** with a strong eye for design and UX best practices. Skilled in creating scalable UI architectures, reusable components, and responsive layouts that enhance user engagement and performance.

Technical Skills

Frontend: React.js, Next.js, TailwindCSS, TypeScript, JavaScript (ES6+), HTML5, CSS3, Framer Motion

UI/UX: Responsive Design, Accessibility (WCAG), Figma, Storybook, Component Libraries

Tools: Git, Docker, Vercel, Jest, Postman

Integrations: REST APIs, GraphQL, Supabase, Socket.io

Core Competencies

Problem Solving • Agile Development • Team Leadership • Scalable Architecture • API Implementation • Performance Optimization • Technical Training

Experience

SoftyLinesDev

Frontend Developer

Sousse, Tunisia

2023–Present

- Developed modern, responsive UIs for multiple SaaS platforms using **React.js**, **Next.js**, **TailwindCSS**, and **TypeScript**.
- Built **reusable design systems** and component libraries.
- Implemented accessibility standards (WCAG) to ensure inclusive user experiences.
- Collaborated with designers in Figma to translate wireframes into interactive, production-ready components.

Upwork

Freelance Frontend Developer

Remote

2022–Present

- Delivered custom client projects with responsive layouts, modern animations, and API-driven data.
- Maintained 5-star customer feedback 100% by ensuring implementation of pixel-perfect design.

Key Projects

- Hannibal University** – E-learning administrative dashboard with multimedia course management (React.js, TailwindCSS).
- Commonlands** – Trust verification with interactive mapping and custom UI components (React.js, Scss).
- Divin Algo** – Real-time trading dashboard with advanced charting and animations (React.js, Socket.io, Recharts).
- Kotteb Tab** – Chrome extension delivering daily Islamic content and prayer times (React.js, TailwindCSS).
- SoftyLines Design System** – Company-wide reusable React component library (React.js, Storybook, TypeScript).
- Boumiza Square & The21** – Responsive landing pages (Next.js, Tailwind, Strapi).
- Xora** – AI workflow automation platform with smooth animations using Framer Motion.

Education

Horizon University
